For Students Enrolled in:
AADJ: Administration of Justice, A.A.
201309 to Present

Program Description: The Administration of Justice curriculum is designed to meet the needs of current and prospective students interested in transferring to a four-year institution for the purpose of receiving a Bachelor's Degree in Administration of Justice/Criminal Justice and that students will have a smooth transition from DCCC to the four-year institution of their choice.

Program Outcomes:
Upon successful completion of this curriculum, students should be able to:
- Differentiate between the three main segments of the Criminal Justice System.
- Distinguish between the different types of crime causation while applying the major theories of criminology.
- Identify the generalized components which have impacted the Juvenile Justice System in the United States.
- Compare and contrast the major ethical issues facing Criminal Justice professionals with an emphasis on encouraging students to explore their own ethical and moral systems.
- Illustrate the role of technology in the Administration of Justice.
- Demonstrate critical thinking on issues of social diversity.
